COMMENTS

The Public Representative has reviewed the Postal Service's Notice, the Agreement, and supporting financial model filed under seal as part of the Notice. Based upon that review, the Public Representative concludes that it appears the negotiated prices, as modified, in the Agreement should generate sufficient revenues to cover costs.

39 U.S.C. § 3633. Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service. In this proceeding, the financial model filed under seal, accompanying the Postal Service's Notice, indicates that the modified prices in this Global Plus 1D contract should continue to generate sufficient revenue to cover costs and is thus in compliance with the requirements of 39 U.S.C. § 3633(a).

The Commission will have an opportunity to review the financial results for the Agreement in a future ACD Report for compliance with 39 U.S.C. 3633.

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
